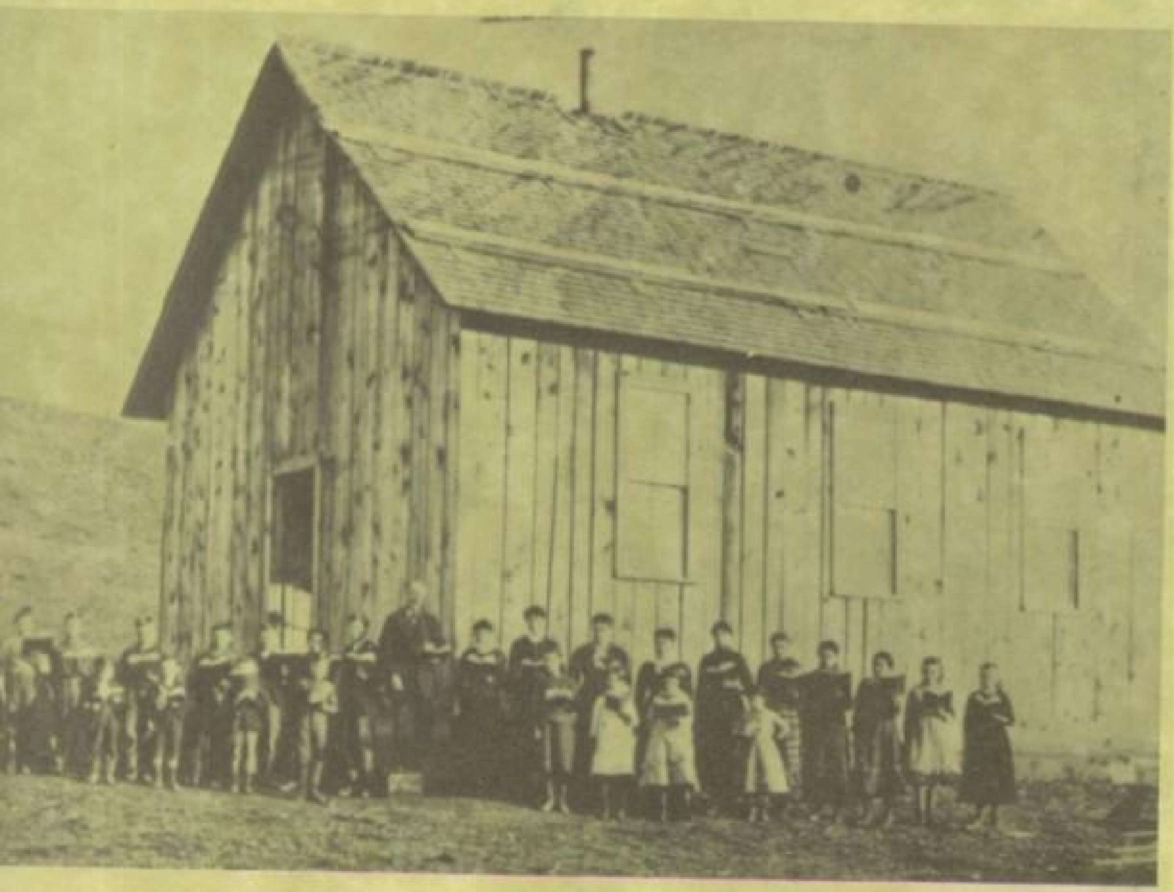
Town of Rosalia – taken in 1905.

The first school house in the present limits of Rosalia was built in 1884. It stood just south and east of the Christian Church site on the John Fullenwider residence property, what is now the Mrs. Dorothy Hayden home. A.B. Allan was the teacher.



The first domestic science class was organized in 1911-1912. Mrs. S. F. Shinkle was the instructor. The class of 9 members cooked on a coal and wood range. No provision had been made by the school board for supplies, so each member put a dollar in the "kitty" and brought the necessary cooking ingredients from home. The "kitty" fund was used for staples such as flour, sugar, spices, etc. Utensils were provided, and later the board bought china, glassware, and silverware. The class then prepared and hostessed luncheons.

# Football Awards

*I think the overall football season could be termed a success; not a success so far as the win-loss column was concerned, but is this really a true gauge of success? To me success is gauged in other ways. The personal growth, both physically and mentally was very noticeable in this team. The players' attitudes were great all season.*

*The way the boys matured was very enjoyable for me to see. Our season's record of three wins and five losses could easily have been six and two with a few breaks. We played what I believed was a tough schedule and lost some close football games. In my mind we played our best possible football during the two games we lost. Although the nucleus of this year's team centered around the seniors, there were many talented and capable underclassmen on the squad. With these people, I look with enthusiasm and optimism to next year's Spartans.*

# FEVER

*The 1975-76 basketball season was a rewarding one. The team finished with a 23-7 record and brought home a first ever State Tournament trophy for Rasalia. After losing some excellent athletes from a disappointing 74-75 team, many did not expect the Spartans to do well. However, the 75-76 team had something that cannot be easily measured – senior leadership. This, and the continuing improvement of the younger ballplayers, made the season a success. Those seniors – Robin Scholz, Steve Gfeller and, in particular, Tim Wiggins and Dave St. John – can take great pride in what they accomplished. I believe that their leadership will become an example and prove to be the turning point in the attitude of many of our younger players. We will greatly miss these seniors but believe their legacy of leadership will remain at Rosalia.*

# B-SQUAD SHAKES 'EM UP

*The Rosalia B-squad wrapped up the 75-76 year with a 9-11 record. The record shows the inconsistency that the team showed through the year. The team was sophomore oriented but some of these second-year men did not progress as strongly as we would have liked. Also a lack of sophomore leadership was shown at times on the team. Although the wins came sporadically this year, the group of players were a good group to work with.*

*A note of recognition should be given to the spirited C-squad who made up in lack of height with great spirit and promising guard shooting.*

# Rosalia Royalty

*"Sun Swirl" symbolizes the essence of the sun as it whirls in startling rays of fire red, flame orange, and sun yellow, which shine down on Queen Barbara Mattausch and Princesses Sandee Henning and Kathy Waterman. This float has won the Mayor's Trophy in the Wenatchee Apple Blossom Festival, the Community Class "E" Sweepstakes in Spokane's Lilac Parade, and the Grand Sweepstakes in Walla Walla's Rendezvous Northwest Parade. Other parades that "Sun Swirl" will participate in include Rosalia's own Battle Days Parade, Fairfield's Flag Day, Slippery Gulch Days in Tekoa, the Calgary Stampede, Tri-Cities Water Follies, the Penticton Peach Blossom Festival, and the Post Falls Days Parade. A special thanks goes to Mrs. Fern Feenan, who has once again designed an exceptionally outstanding float for Rosalia. Also deserving thanks are the members of the community, particularly the parents of the royalty, who have given their support by building, engineering, and decorating "Sun Swirl," by donating to the Float Fund, and by accompanying the float on its many parade trips.*

*With a goal set early in the season to make it into the District Playoffs, the Spartans started the season slow dropping a few non-league tilts but showed continued progress in each game.*

*Looking at the team as far as experience, we were on the young side. However, we had some outstanding efforts from the young players, who showed that they were willing to make the sacrifices needed to pull the ballclub.*

*In league play we put our hitting, pitching, and fielding together to post a 6-1 season, losing only to the eventual state champion Wildcats from Colton. The team batting average for the season was a solid .301 led by Junior Dave Hanon who batted .408 and Sophomore Terry Gingrich at .392.*

*Next year, with a total commitment, the ball team will advance to the State Baseball Tournament. They made an outstanding effort this year toward that goal.*

*It was a rewarding season and one I will always remembers.*

# GIRLS TRACK
# '76'

*The 1976 track season was one of the most successful seasons we have had. Several of the school records were broken. Teresa Brown broke the long jump record with a 14'1½" jump; Becky Hanon broke the javelin record with a throw of 99'1" and the 440 yd. dash with a time of 71 seconds; and Mary Widman broke the school and county shot put records with a throw of 35'¼".*

*Mary Widman, the recipient of the Coach's Award, participated in three district meets.*

*The girls should be commended for their efforts.*

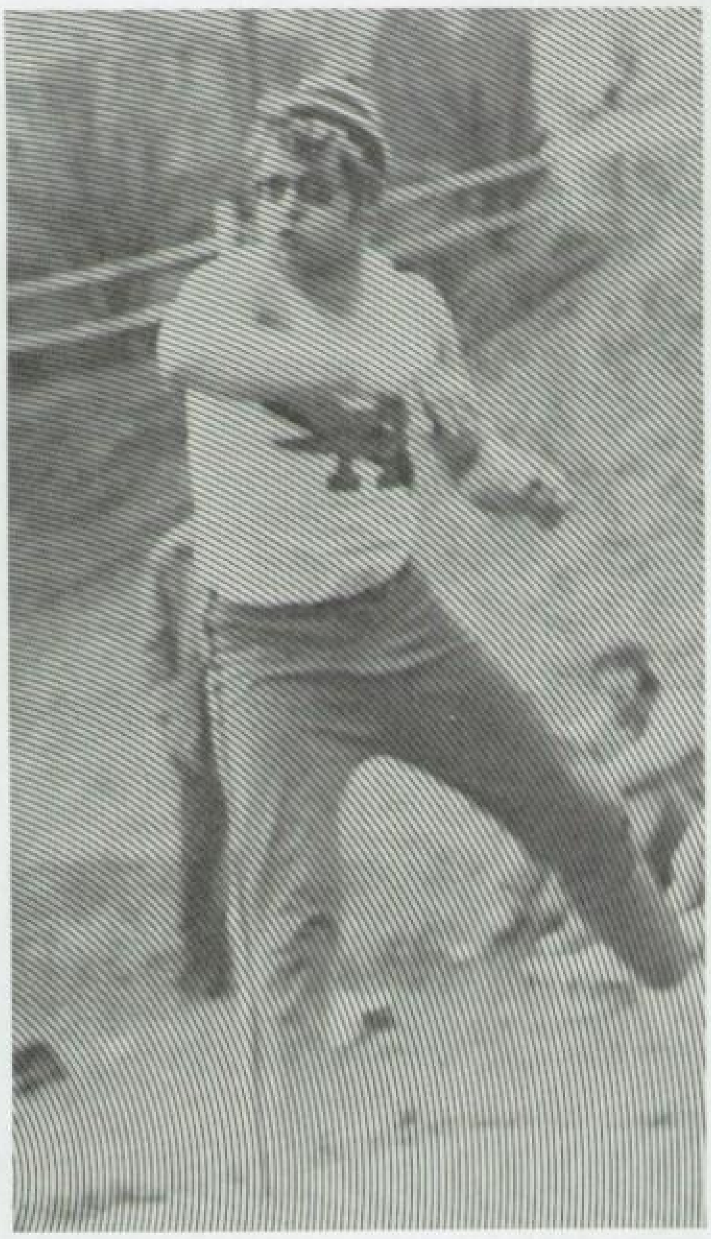
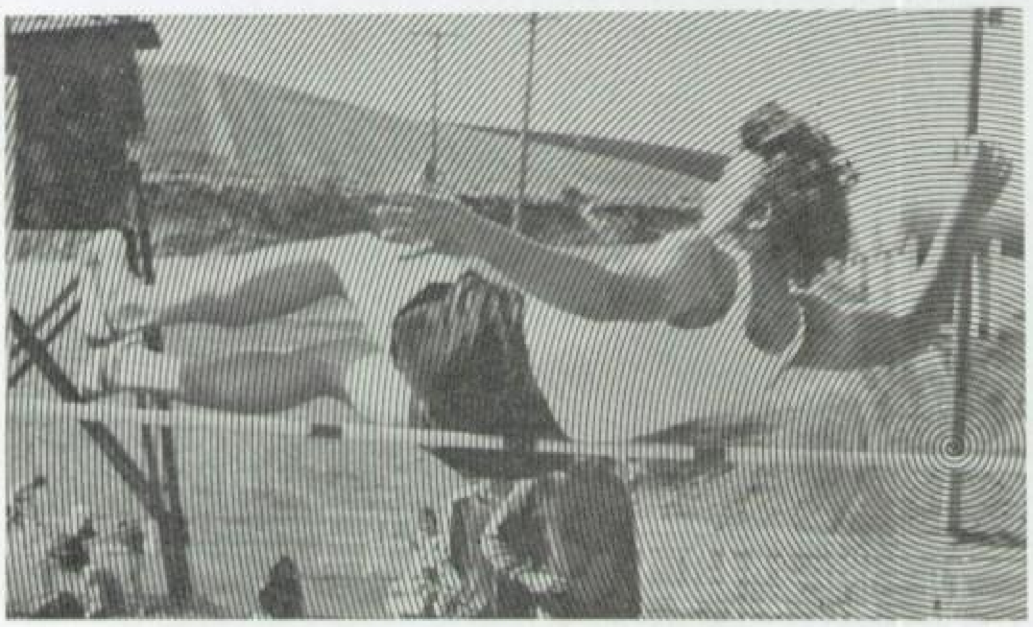
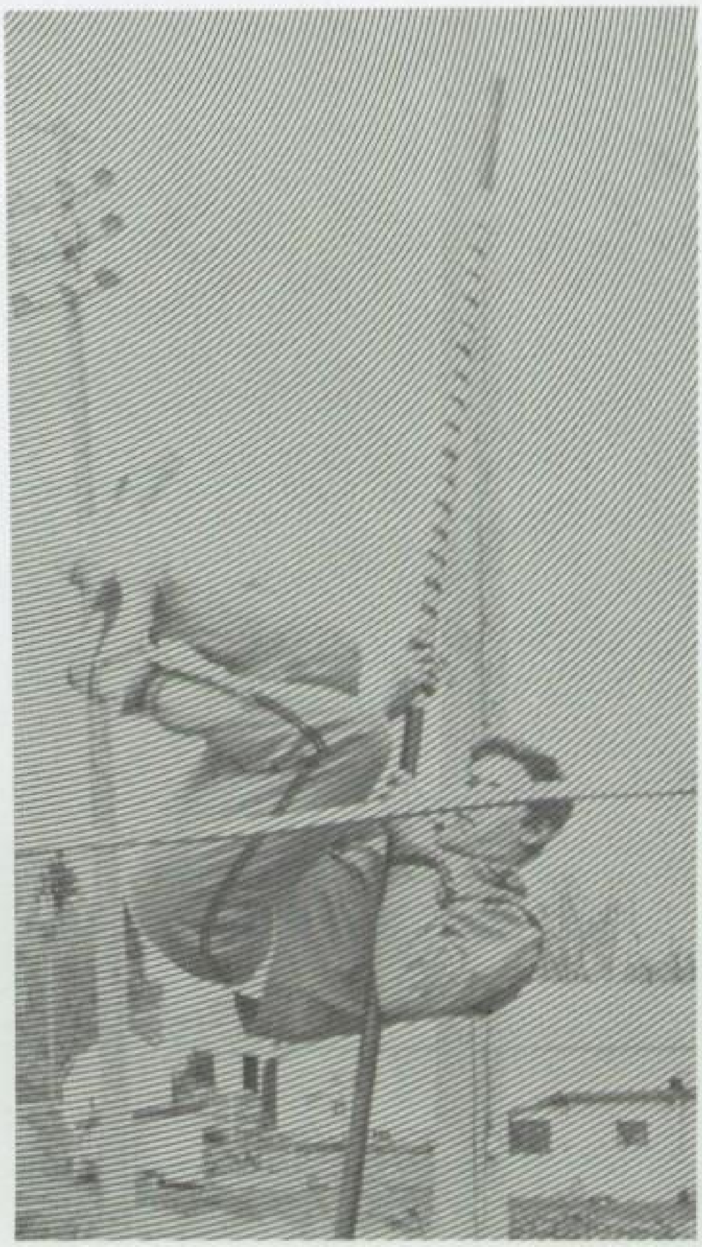
# SENIORS DO THEIR THING







"This is a pep talk?"

> *Track is a great sport to teach a young person what life is really about. When a person competes in track, it is on his own efforts whether or not he will be successful. There is no crowd to hide in. The idea of individual competition can tell a person much about his personal worth.*

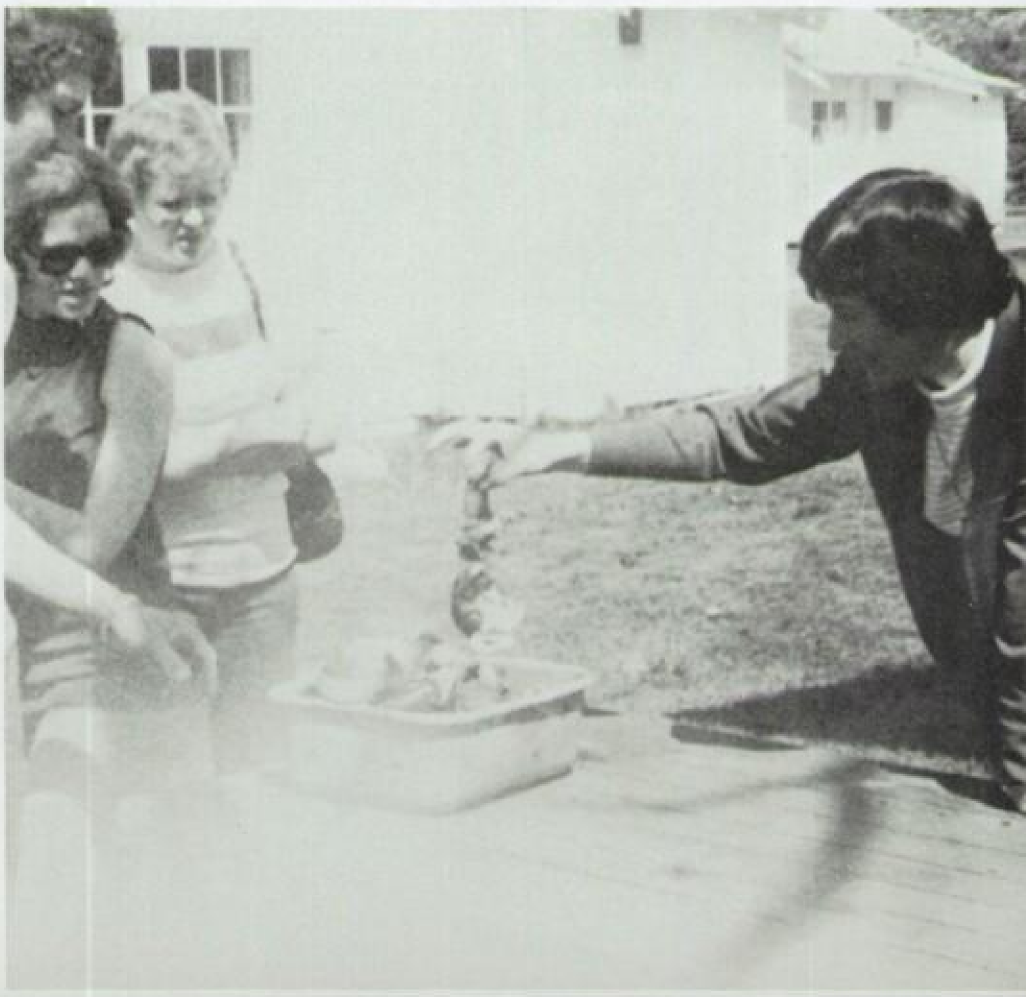
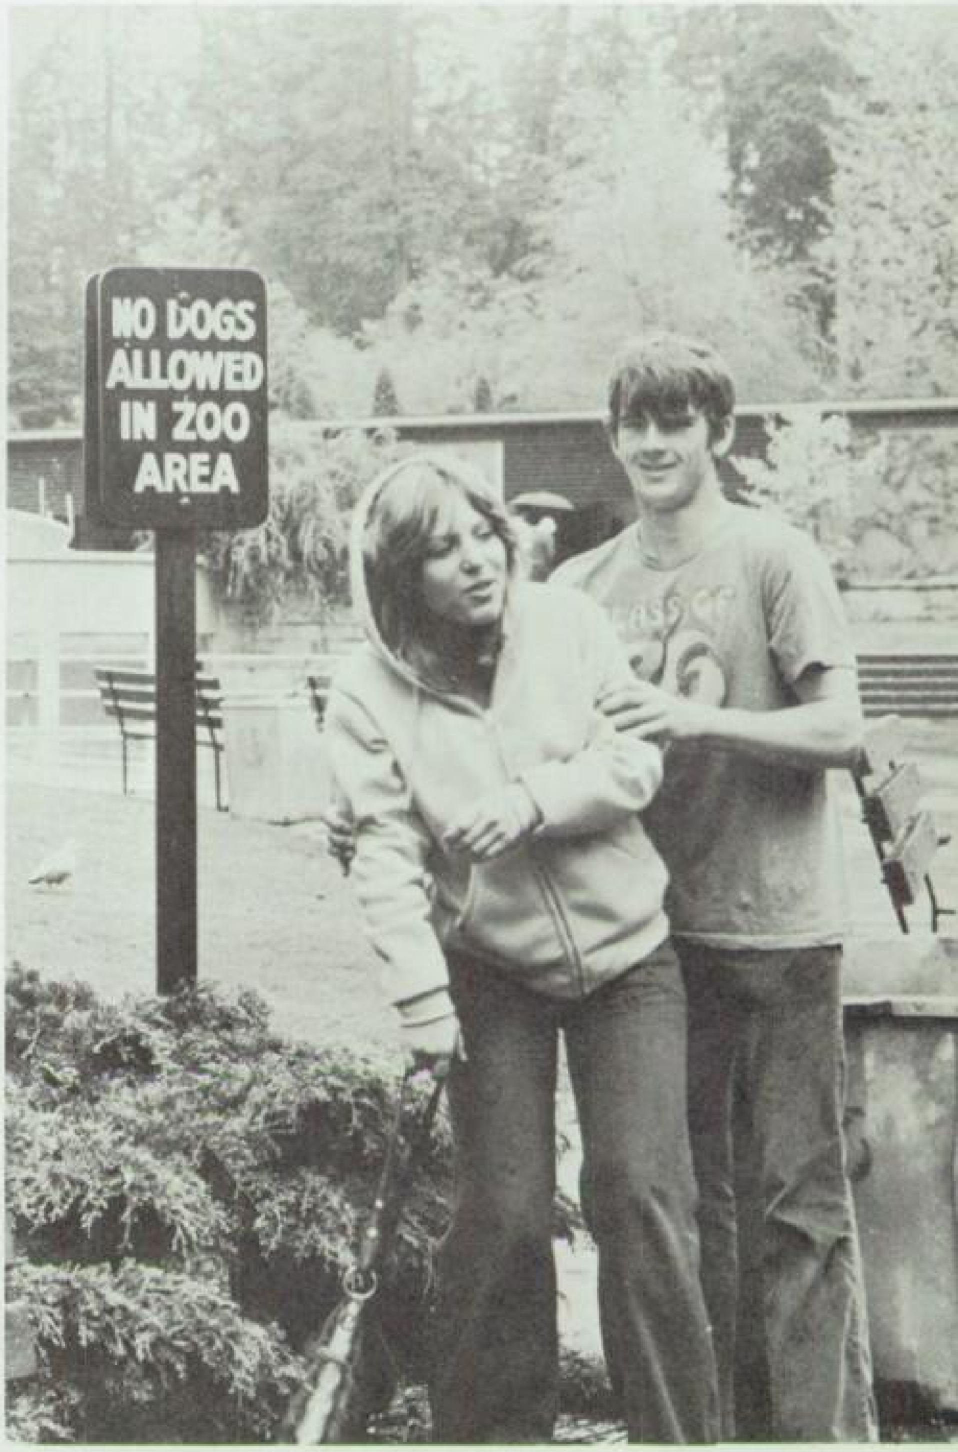
# SENIORS "SNEAK" AWAY FOR A WEEKEND OF FUN

"What's wrong, Sandee?"
"Don't you like those yummy-looking clams?"

"Isn't the little pixie cute?"





*"Dave and Barbara, can't you read the sign?"*

Friday evening, April 30, the seniors left for Birch Bay, Washington for the Senior Sneak. After driving and sleeping(?) all night, they arrived at Birch Bay all ready for a day of horseback riding, clam digging, and go-kart racing. Following an evening of roller-skating, everyone went to "sleep" in order to be ready for a full day in Vancouver, B.C. They saw the Peace Arch and visited a zoo, aquarium and Gas Town, where they ate dinner and spent the remainder of the evening at an amusement park, where a couple of kids (Sandee and Dave – do you know whom we're talking about?) lost their cookies!

The bus left early Monday morning for the return trip home, via Canada. A stop was made at Grand Coulee Dam, where the class was given a thorough tour. The seniors arrived in Rosalia about 11 p.m. – all ready and willing for another exciting week of school!

*To the Graduating Class of 1976:*

*You have demonstrated your ability to succeed in your years at Rosalia High School and now you have the opportunity to seek further success down the trying pathways of your future. It has been a pleasure for our faculty to be a part of your preparation for the future and we look forward to applauding the success we know you will find.*

*Our best wishes go with you.*

Dale Roberts - Principal

*The success or failure of any organization depends on the attitudes, ideals and participation of people in that organization. Schools are no different. Individually and as a group, your positive attitudes, your high ideals, and your participation has resulted in a very successful year. You as students, in giving of yourselves, deserve a great deal of the credit.*

*Best wishes and success in the future.*

Clifford C. Zinke, Supt.

# Board of Directors

**FIRST ROW: M. Carroll, D. Bothman. SECOND ROW: D. Kernkamp, R. Mattausch, H. Prince, Chairman.**

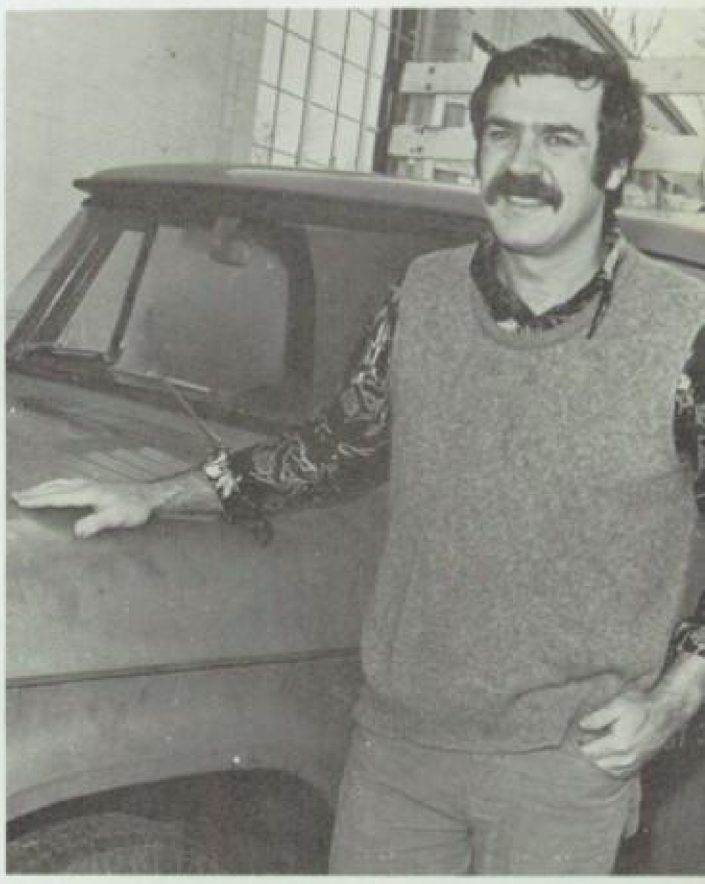
**MRS. McKAY** – You might think that a school counselor with a midget office and only half the regular working time would be grouchy, disorganized, and inefficient. Not Mrs. McKay! As a part-time counselor at R.H.S., she works hard, never gripes, and does an EXCELLENT job!

**MR. BIEHL** – What thoughts run through Mr. Biehl's head? Cube roots, variables, small loans and tax deductions, among others. Besides his regular math courses, he teaches a new class, Practical Math. With photography as his hobby, he can often be seen with camera in hand.

# PROFESORES

**MR. FREENAN** – Here is a man with many interests. He teaches Senior English and Washington state history, advises the NHS, and is the head coach of the basketball team. He always does an excellent job, and this year his efforts were rewarded with a 5th place in state for the Spartans!

**MR. McKAY** – What's Mr. McKay doing by "the green grasshopper"? Getting up courage to take the Driver Ed. students out for practice? Going out to inspect his FFA members' livestock? Whatever it is, we know he'll do a good job, because he is "outstanding in his field!"



**MRS. HENNING** – Pictured here is our "mean" librarian, Mrs. Henning. She does a fantastic job of keeping order in the library, but then she's only standing up for her belief, which is (of course) "Silence is golden." We admire her patience, and her excellent advisership of the Spartanettes.

**MR. MELDAHL** – Mr. Meldahl has the right to say he has the most beautiful room in the school, since it is decorated with the artistic endeavors of his students and himself. This picture doesn't tell the whole story, though, because he is also busy being track coach and assistant football coach.

MRS. PIPES – The school is alive with the sound of music, and here's the teacher who's responsible, Mrs. Pipes. She teaches Band, Chorus, and Swing Choir, and spends a lot of time working with these groups and taking them places to perform. What a dedicated worker!

MRS. TYE – Is that Mrs. Tye, the notorious El Whippo, arriving for work? You bet it is, and what a job she has! She instructs in typewriters and adding machines, debits and credits, Spanish and shorthand. And most importantly, she cracks her whip over the ANNUAL STAFF!

# y PROFESORAS

MR. SNEVA – Who's that building his muscles at the weight machine? Why, none other than Mr. Sneva, a new face at R.H.S. He teaches social studies classes, advises the Lettermen's Club, and keeps in shape be teaching Boys' P.E. and coaching the Spartan football team.

MRS. VOGE – What does Mrs. Voge have cooking? Quite a bit! She teaches Home Ec (yes, for the boys, too) and is our FHA adviser. As if that weren't enough activity for her, she teaches Girls' P.E. and coaches the girls' basketball and track teams, too! Busy, busy, busy!

MR. STAEBELL – Mr. Staebell is NOT relaxing in his bean bag chair! He's deciding how to advise the Freshman class, be the assistant basketball coach, and publish the Spartanic, along with teaching English, speech, and reading.

MRS. WIDMAN – Here is our own female Einstein in her lab, amidst her pickled possessions. She advises the SAE and the Junior class. She teaches the science classes, and does a great job of making them interesting!
